PROFILE

GDSC(Google Developers Student Clubs) Alumni, I have a positive attitude towards life and a desire to create something new in my country and in the world. I do my best at work and learn new aspects of the Technology field, share my knowledge and bring more women into tech society. Feel free to connect with me on LinkedIn

INTERNSHIP EXPERIENCE

Computer Science Intern

SDK GAMES AFRIKA | July 2022

During my internship at SDK GAMES AFRIKA , I gained hands-on experience in web development by learning the fundamentals of HTML, CSS, and JavaScript. I collaborated with the team to build and style web pages, enhance user interfaces, and implement interactive features.

Front-end Developer Intern

Yaba-in | 2023-2024

During my internship at Yaba-in, I significantly deepened my understanding of JavaScript through hands-on projects that challenged me to apply advanced concepts and techniques. I also gained extensive experience working with Angular, developing a diverse project that incorporated various functionalities.

Back-end Developer Intern

Yaba-in | August 5th - Ongoing

As a back-end developer intern at Yaba-in, I am enhancing my skills in server-side development by learning to create and manage APIs using Express, Node.js, and NestJS. My tasks involve building robust APIs, ensuring efficient data handling, and integrating back-end services to support dynamic web applications. This experience is equipping me with a strong foundation in back-end technologies and best practices in API development.

EDUCATION

Bachelor Degree in Software Engineering

Université Des Montagnes (UDM), Bangangté, Cameroon. | 2022 - Ongoing

GCE Advanced Level (Sciences, Passed in 5 subjects)

Government Bilingual High School (GBHS), Bangangté, Cameroon. | 2021 - 2022
